

INSTRUCTIONS FOR ABSTRACT SUBMISSION

FIRST AUTHOR, SECOND AUTHOR

This is an abstract template for the International Conference «Stochastic Equations, Limit Theorems and Statistics of Stochastic Processes», September 17-22, 2018, Kyiv, Ukraine (<http://matan.kpi.ua/gikhman100conf/>).

To submit your abstract please:

- (1) Rename this file according to author's surnames (e.g. `Surname1,Surname2.tex`).
- (2) Write your abstract using this template.
- (3) Ensure that LaTeX runs without errors.
- (4) E-mail both `.tex` and `.pdf` files to the Organizing committee with your surname in the e-mail subject.

Theorem 1. *The abstract should not exceed 2 pages.*

Remark 1. Don't forget to spell-check your document! ;)

Example 1. • To insert math use equation environments: `$...$`, `\[...\]`, `\begin{equation}...\end{equation}` etc., e.g.:

$$e^{i\pi} + 1 = 0,$$

thus

$$e^{2\pi i} = 1. \tag{1}$$

- To insert a reference use `\ref` or `\eqref` commands, e.g.: *theorem 1*, *equation (1)*.
- To insert a citation use the `\cite` command, e.g.: *paper [1]* and *book [2]*.

Acknowledgements. (optional)
